THINKING OUTSIDE OF THE CAR

STREETCAR

Faster than walking with closely spaced stops located near popular attractions on a simple route; slightly different off peak hours

BUS

Speed varies with traffic, designated route and varying frequencies; easily walkable to other regional transit; vastly different peak and off-peak operations

LIGHT RAIL

Medium speed, designated line and varying frequencies; easily walkable to other regional transit; vastly different peak and off-peak operations

HEAVY RAIL

Faster moving, farther station distance, easily walkable to other regional transit
